

## Request for the purchase of wax from non-organic units

Please fill in this form completely. This service will be charged according to our price list.

### Applicant/operator

<b>b.i Number</b>	
<b>Name of operator</b>	

### Information

During the conversion period, wax is replaced with organic wax. However, non-organic beeswax may be used:

- i. where beeswax from organic beekeeping is not available on the market;
- ii. where it is proven free of contamination with products or substances not authorised for use in organic production; and
- iii. provided that it comes from the cap;

Authorisation by the certification body needs to be obtained before purchase.

### Justification

- Non-organic beeswax is needed during the conversion period  
Please describe the reasons:

### Information about needed non-organic purchase:

Quantity needed to be purchased	

### Attachments:

- Proof of unavailability of wax from organic apiaries
- Confirmation by the supplier that wax comes from caps
- Pesticide analysis report of the wax

All receipts for purchases and sales must be present during inspection.

<b>Signature by the operator</b>
